A. BMW Universal Hands-Free System with Bluetooth® Wireless Technology*
Revolutionary wireless technology allows you to create a hands-free communication network in your BMW with a Bluetooth-enabled cell phone. As long as your BMW and phone are both turned on and connected, incoming calls will automatically be routed through the vehicle's hands-free system for the ultimate in safety and convenience.

Use the steering wheel or dashboard controls to page through your phone book and send or answer a call. It's that simple. The audio system automatically mutes the radio or CD audio when placing or receiving a call, and an optimized headliner mounted microphone transmits your voice through the system.

The system also features an advanced voice recognition system that stores names or can dial a unique number not stored in your phone book.

The following items are required:

BMW ULF Control Unit
Part No: 84 21 6 934 552

X5 ULF Installation Kit
Part No: 84 11 0 302 641

System price: $649.00

*Additional parts may be required for 2002 and earlier X5s. See your BMW SAV center for details. Cannot be installed on vehicles with BMW Assist. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by BMW of North America, LLC is under license.

B. CPT9000 Phone System*
Upgrading your X5 to a complete hands-free phone system has never been easier. If your BMW is equipped with the BMW Assist system, simply add a phone cradle and antenna, along with a CPT9000 handset for simple, safe hands-free operation of your phone.

The CPT9000 phone is held securely in place by a specially designed cradle that provides the physical connection to the vehicle for hands-free connectivity. The cradle also charges your phone while the vehicle is running.

Use the steering wheel mounted controls to answer and end calls, or select and dial a phone number from your phone book. The dashboard radio buttons can be used to input a phone number, retrieve a phone book entry and answer and end a call.

All calls are heard through your BMW audio system, which mutes the radio or CD when a call is placed or received. Your voice is transmitted through the optimized microphone mounted in the vehicle's headliner.

The following items are required:

CPT9000 Phone
Part no: Carrier specific

Phone cradle
Part no: 84 11 6 946 635

Phone antenna
Part no: 84 11 1 470 326

*For 2004 X5 vehicles only. Must be equipped with BMW Assist.

C. Reverse Parking Aid
Rear-mounted sensors can assist your parallel parking efforts. When something behind your X5 comes within about three feet, a warning tone sounds – and becomes faster as your approach becomes nearer. Not compatible with the Aerodynamic Kit (Pages 4-5, Item A).

Reverse parking aid (sensors in rear only)
Part no: 82 11 0 021 343 Price: $425.00

D. Mirror with Compass
Rearview mirror with integrated digital compass lets you take the road less traveled – without losing your way.

X5 with rain sensor
Part no: 51 16 0 028 300 Price: $295.00

X5 with rain sensor and alarm system (LED in mirror)
Part no: 51 16 0 028 301 Price: $295.00

Depending on vehicle options and production date, additional parts may be required.

E. Park Distance Control
Similar to Reverse Parking Aid (Item C), but features sensors in front and rear – so objects at both ends of your X5 are detected. Not compatible with the Aerodynamic Kit (Pages 4-5, Item A).

Consult your local BMW SAV center for parts and pricing information.

A. Electronic Pressure Gauge
Maintaining proper tire pressure helps increase gas mileage and driving safety by reducing tire wear. Gauge with touch-button operation has easy-to-read LCD display. 20-year lithium battery included.
Part no: 82 12 1 467 187 Price: $25.50

B. Mechanical Pressure Gauge
Portable and shock-resistant, this award-winning design features a release button – to hold the pressure until you release it.
Part no: 82 12 0 140 377 Price: $39.95

C. Mobility Kit
Portable compressor plugs into the X5's front or rear electrical socket, bringing air to all four tires. Integrated gauge lets you monitor air pressure – especially useful for bicycle tires. Included tire sealant helps halt leaks so you can drive to a service area. Nylon storage bag has non-slip Velcro® back.
Part no: 82 11 0 134 558 Price: $151.00

Tire sealant replacement
Part no: 71 10 2 229 882 Price: $28.00

D. Advanced Battery Charging System
Designed to fully charge and maintain your X5's battery at the proper storage voltage, this 1.25-amp charger helps keep your BMW ready to go – even after long periods of inactivity.
Part no: 82 11 0 026 663 Price: $69.00

E. Solar Battery Charger
Turn solar power into battery power. When placed on your BMW's dashboard in full sunlight, this 21"x11" panel maintains your battery charge during extended periods of inactivity. Plugs into your car's electronic socket.
Part no: 82 30 0 143 365 Price: $269.00

F. Warning Triangle
Highly visible orange color and reflective band add safety in emergencies, day or night. Folds compactly into storage case.
Part no: 82 11 1 466 578 Price: $26.00

G. Safety Flasher
In flashing or continuous mode, compact amber lamp draws attention. Requires five D-cell batteries (not included).
Part no: 82 11 0 008 738 Price: $59.95

H. Snow and Ice Remover
Heavy-duty brush with ice scraper and chisel is 33" long, enabling the clearing of cold-weather debris from hard-to-reach areas. BMW block lettering on brush.
Part no: 82 11 0 017 663 Price: $17.50

I. Spot Lamp
Two halogen bulbs let you adjust light stream for long or close range. Spiral cable plugs into the X5's electronic power socket. Can be used with the rear power outlet for extra illumination in the cargo area.
